## Crazy Places for a Getaway #7: Nick's Cove and Cottages, California

It's on the waterfront, it's close to San Francisco, and it's chalk-full of atmosphere. Nick's Cove and Cottages is for those who want authentic lodging with authentic food and authentic atmosphere. The cottages – each with its own name – are either on the water, or in view of it. They're homey, and comfy. The restaurant great too. Eat well, drink beer... and don't forget to order oysters.
